RE Request for Proclamation

I have attached a copy of a draft for the Take Back The Night Proclamation. It is basically the same as last year with some date changes.

Take Back The Night march and rally will be held October 11, 1996 in Stockton. We have changed the central location of the march this year to an area easier for the citizens of San Joaquin County to find.

This year the planning committee is comprised of leaders from various agencies and from each of the various cities in the county. Violence to women has become a national focus that we cannot continue to ignore in our community.

If you have any questions, please feel free to contact me at the above phone number.

Thank you in advance for the Council's time and consideration.
